FOR IMMEDIATE RELEASE

Practical Components Appoints KAL as Distributor for PR China

LOS ALAMITOS, CA —April 24, 2007 — Practical Components Inc., a worldwide supplier of dummy components, test boards and training kits headquartered in Los Alamitos, Calif., announces that it has appointed Kasion Automation Ltd. (KAL) as the exclusive distributor of its products in the Peoples Republic of China.

Founded in 1992, KAL strives to provide sound services to its customer base by providing high-technology production equipment and technology know-how. Additionally, KAL provides solid after-sales and service support to its customers because the company understands that proper training for technical personnel plays an important role for accuracy and efficiency in production. By using its represented high-end equipment, together with efficient service support, customers benefit from a high-productivity, high-reliability, high-performance, professional production management technique.

Kasion employs a highly professional team of engineers and experts for both sales and services, and provides software, hardware and technology improvement to customers. Additionally, its represented product lines are all high-end and allow customers to implement any new production technology challenge to achieve a higher economic efficiency.

“Practical Components has chosen KAL for its expertise in the above areas as well as its process knowledge, attention to detail and follow-up that Practical customers have come to expect,” said Kevin Laphen, President of Practical Components Inc. “The KAL relationship with Practical demonstrates our commitment to providing high-quality solutions and services to the expanding Chinese market. KAL’s broad coverage of the mainland territory combined with its highly technical support team will greatly accelerate the adoption of Practicals’ low-cost process solutions in China.”

KAL is a top manufacturer’s distributor for the electronics industry and will represent Practical Components’ full line of products. Headquartered in Hong Kong with offices in Shenzhen and Shanghai, KAL may be contacted at Suite 1204, 12/F, Nanyang Plaza, 57 Hung To Road, Kwun
