

The kits listed below are for Hand Assembly. Each kit is prepackaged as an individual kit. Each component is bagged and labeled for identification. The test board is also individually bagged. Both kit and test board are put in a cardboard box that identifies the kit contents. Kits can be customized to meet specific needs. Please call regarding availability of Lead-Free single pack soldering kits.

Reference List for Single Pack Kits

Part Number Tin-Lead / Lead-Free	Kit Part Description	Description	IPC Reference	Page Number
10680 / 12086	PC003	Hand Solder Kit, 2.5" square		94
13100 / 19314	PC007T-0-01	MLF Hand Assembly Kit		96
13200 / 19990	PC007B-0-01	SMT Hand Assembly Kit (T/LQFP, TSOP, BGA, DualRowMLF)		96
13300 / 19463	PC007K-0-01	MLF / Fine Pitch SMT (top and bottom)		96
12041 / 16561	PC009	Mixed Technology Kit		100
19697 / 16795	PC011-0-01	Fine Pitch BGA Kit (0.4, 0.5, 1.0mm)		101
15848 / 19742	PC012-0-01	Global BGA Test Kit (1.0mm and 1.27mm pitch)		102
15923 / 19462	PC012T-0-01	Global BGA Test Kit (topside only, 1.0mm pitch)		102
15924 / 19991	PC012B-0-01	Global BGA Test Kit (bottomside only, 1.27mm pitch)		102
15212 / 16792	PC013-K	Through Hole Kit (with wires and terminals)		104
15213 / 16791	PC013-BTK	Through-Hole Kit (no wires or terminals)		102
15214 / 19409	PC013-RWTK-1	Recertification Kit (with wires and terminals)		102
15215 / 19308	PC013-RK	Recertification Kit (no wires or terminals)		102
15226 / 15227	PC015-0-01-STD	Rework Kit (unassembled)	7711/7721	106
11450 / 11444	PC015-0-01-RWK	Rework Kit (assembled)	7711/7721	106
15223 / 15225	PC016-J-STD	Mixed Tech Kit	J-Std-001 Rev E	107
15220 / 15224	WTK-1	Wires and Terminals (with or without holder)		91
